About METabolic EXplorer – www.metabolic-explorer.com

Contributing to the ecological transition through innovations for the production by fermentation of functional ingredients used in the manufacture of consumer goods.

Using renewable raw materials, the Group develops and industrialises innovative and competitive industrial fermentation processes as an alternative to petrochemical processes to meet consumers' new societal expectations and the objectives of the energy transition.

Its two industrial units, METEX NØØVISTAGO and METEX NØØVISTA, allow the METEX Group to achieve its ambition of becoming one of the world leaders in functional ingredients produced by fermentation for the formulation of cosmetic products, animal feed or the synthesis of biopolymers market 1,3 propanediol (PDO) and butyric acid (BA).

Based at the Clermont Limagne technology park, near Clermont-Ferrand, METabolic EXplorer is listed on Euronext in Paris (Compartment B, METEX) and is included in the CAC Small Index.
